

I'm not robot!

AJ Styles was recently interviewed and asked about a rumored match with The Undertaker. AJ responded with the following: "If they want Undertaker vs. AJ Styles I say we give it to them." As previously noted, there has been talk about AJ Styles defending the WWE Title against The Undertaker at the Royal Rumble. - R1 -

It is difficult to discuss 2020 without increasing what is necessary to be changed due to the Covid-19 pandemic. In Pro Wrestling, WWE had to perform its most great show of the year, Wrestlemania 36, in their performance center without audience instead of Tampa Raymond James Stadium with a huge crowd. Consequently, several attacks on paper have been pre-tacket "kinematic" games, including the great clash between The Undertaker and Aj Styles. Fortunately, the subsequent à € œBoneyard Matchâ € has proved to be a well -found effort, with the fans who praise the fragility of his presentation. He also gave the internet not struggling one of the great mems of 2020 thanks to a blow of a gritty -looking Undertaker that looms behind an unconscious, celebratory AJ Styles. 10 adult the best use of the Undertaker/AJ meme is when the subject corresponding to AJ is provided with a strong sense of unawareness, and this is particularly strong because, like a child, there are a lot of things you are beatistically unaware. A lot of children wanting for adult age because they don't have to go to school and can be awake all night, but they are not exactly aware of the annoying responsibilities that come with it. 9 The mandatory Covid me a topic impossible to avoid, the Covid-19 pandemic has really finished, deraled, and interrupted daily life for everyone. For many in North America, the various forties, the blocks and the zoom meetings began in the spring of 2020, so a lot of people found that Covid really snuck up on the fun things they were doing - just like à € à € "taker Snuck on AJ on that fateful night of March. 8 Mamma Mens (part 1) Of course, the Mensi do not need to face hot button problems or reflect current events. In fact, the tendency to label truly specific images to face the general orol orol al odnau' op nu israbbarra e - olleppac nu id accog alla israligevsi id ynnacni. Àticapac al omah itroineg i emoc id irouf anous otseu() inna imitlu ligen etnetrevid -Àsoc semem oser ah ehc olleuq I is awake when they'ÀÀAre not supposed to be. 7 GPS Voice Smartphones have really revolutionized how people drive their cars. With GPS apps like Google Maps, a driver'ÀÀAs ability to travel is only limited by distance and gas money. And the driving experience has changed, as drivers can rely on Spotify to listen to music rather than resorting to the radio or whatever CDs are in the car. But if you'ÀÀAre using a GPS and music app at the same time, the GPS will invariably interrupt the music at the least opportune time. 6 Kirby The flip side to using a specific image as a meme to express a broad human experience like growing up or technological inconvenience is that the same image can be used to express a very specific situation like playing the 2011 Nintendo Wii game Kirby'ÀÀAs Return to Dream Land. While it seems esoteric, it does reflect a broader video gaming experience where you think you'ÀÀÀve beaten the final boss of a game only to find out that the big bad actually has a second, more difficult form. 5 Math Games Speaking of games, here'ÀÀÀs a scenario very near and dear to anyone who had those high school math classes where you had to use a ridiculously expensive graphing calculator. While the Texas Instruments TI-83 seemed prehistoric even when it was new, it did offer the ability to program games into it, and so you could sneak in a game of Tetris during algebra class. Shame that your teacher was standing behind you the whole time. 4 Zatoichi Here'ÀÀAs one for the cinephiles in the crowd: an Undertaker/AJ Styles meme based on the Zatoichi films. A long-running Japanese franchise that began in 1962, the films and TV shows star the eponymous Zatoichi, a blind swordsman who travels around 1800s Japan righting wrongs. Many of the swordsmen featured in the films often disregard and underestimate Zatoichi, thinking of him as little more than a harmless blind masseur. Needless to say, they'ÀÀAre quickly and consistently wrong. Like Godwin's law for the mem, more long a meme goes on the probability of a meas-meas-meter meme increases. This is hilarious, of course, it is always it works. Here the creator of Meme has made the Undertaker/AJ meme, but with the labels literally only appoint each of the wrestlers. It could be called Anti-Serady, as there is no joke here except that it is purely effective instead of representative, but it is also incredibly fun. 2 Mamma Mens (part 2) part of growth involves learning on the world and what adults get up to - often before adults believe it is appropriate that it is known. This meme captures that moment when you are looking at a sitcom with your parents, and they end up laughing at a joke that makes sense only to those who understand that the parents have euphemistically called à € œBY birds and bees. So, of course, your parents are uncertain to the idea of knowing something you shouldn't. 1 Mario Kart This example of the meme is a great balance between extreme specific and wide appeal. After all, many people played at least one iteration of Mario Kart - always great for the meme material - and are aware of the power of the Blue Shell. One of the many power-ups of the Nintendo running series, the Blue Shell is particularly useful for players who follow the competition as once released, he automatically addresses the player who is first, often costing them the victoryNext: Boneyard Match vs. Ultimate deletion: 5 reasons each was the best match undertaker meme template and meme originating from a screenshot of the WWE match scene when The Undertaker is behind the smiling AJ Styles who has no idea.
